

### Watershed Network Engagement Table

While not an exclusive list of potential participants, this table is provided to assist Watershed Grantees consider who to invite to participate in the watershed resilience plan process. Additionally, it is not required for a Watershed Grantee to include all those listed here in their Watershed Network – rather, DWR encourages an equitable and inclusive process in developing a Watershed Resilience Plan and provides this as a reference for promoting broad and equitable participation.

| Category of Interest        | Examples of Network Groups                                                                                                                                                                                                 |
|-----------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Community Groups            | <ul style="list-style-type: none"> <li>• Citizens groups</li> <li>• Community leaders (e.g., elected representatives, religious leaders, or trusted community experts)</li> </ul>                                          |
| Climate Change              | <ul style="list-style-type: none"> <li>• Regional climate collaboratives (i.e., Alliance of Regional Collaboratives for Climate Adaptation)</li> <li>• Academia, researchers, and higher education institutions</li> </ul> |
| Land Use                    | <ul style="list-style-type: none"> <li>• Regional land use agencies</li> <li>• Resource Conservation Districts</li> </ul>                                                                                                  |
| Local Governments           | <ul style="list-style-type: none"> <li>• Cities</li> <li>• Community Service Districts</li> <li>• Counties</li> <li>• Resource Conservation Districts</li> </ul>                                                           |
| Private Users               | <ul style="list-style-type: none"> <li>• Domestic and private well owners</li> <li>• Local schools and colleges</li> </ul>                                                                                                 |
